

16' 9 7/8"

The diagram shows a cross-section of a roof structure. A cyan-colored rafter is supported by four vertical yellow posts. To the right, a green-colored structure, possibly a chimney or a different roof section, is shown. A vertical dimension line indicates a height of 10' 4 1/8" from the base to the top of the green structure. A long dimension line with an arrow at the end indicates a horizontal distance of 16' 9 7/8" from the left edge of the drawing to the peak of the green structure. The drawing uses solid lines for structural members and dashed lines for hidden or projection lines.
