

16' 2 1/4"

A technical drawing of a roof truss structure. The main ridge beam is highlighted in yellow. A dimension line with arrows at both ends is drawn parallel to the ridge beam, indicating a length of 16 feet and 2 1/4 inches. The truss is supported by several vertical posts, some colored green and some yellow. The roof slope is indicated by a dashed line extending from the ridge beam to the peak of the roof.
